REASON FOR PURCHASE (check one)

- Replace existing working equipment
- Replace existing failed equipment

Qualifying Criteria are listed below. To confirm equipment eligibility, review and check off criteria below. See **Terms and Conditions** for additional information and contact us if you have questions.

- Equipment must be installed at an agricultural facility with electric pumping in Oregon served by Pacific Power or Portland General Electric.
- Equipment must be installed on existing linear, pivot, wheel line, or hand line systems. Fixed-in-place systems are not eligible.
- Incentives have not been received for similar parts on this irrigation system in the past 5 years.
- Nozzles, sprinklers, or regulators must be of equal or lesser flow than those being replaced.
- All similar components in a system must be replaced. For example, if sprinklers are replaced on a linear, they must all be replaced at once. This requirement does not apply to pipe repair.

TERMS AND CONDITIONS

1. Application Deadlines: Participant is advised to retain a copy of this application and any accompanying documentation submitted.

Complete applications must be submitted in the same calendar year, and within 180 days, of equipment purchase and install.

Neither Energy Trust nor its representatives will be responsible for any lost documentation pertaining to this application.

2. Eligibility: Incentives for qualifying electric energy saving equipment are available to eligible industrial, municipal and agricultural Portland General Electric or Pacific Power electric customers in Oregon. By submitting this application to Energy Trust, Participant represents that none of the equipment listed will be submitted to the Oregon Department of Energy for conservation project self-direct credit certification. Additional eligibility restrictions may apply and final determination of eligibility rests solely with Energy Trust.

3. Incentives: Limited to one incentive per one equipment purchase. Funds for incentives are limited and available on a first-come, first-served basis. Details of the Program, including incentive levels, are subject to change. The total incentive provided (i) will depend upon the incentive amounts in effect as of the equipment purchase date, and (ii) will never exceed the total, eligible project cost or a maximum of \$499,999. The Program also limits the total amount that any Participant can receive on a per site, per year basis.

4. Payment: Incentives will be paid upon: (i) submission of this completed application along with all required accompanying proof of purchase documentation by the deadline indicated, and (ii) satisfactory completion of a Program verification, if required. Please allow 60 to 90 days from Energy Trust's receipt of all information for delivery of payment. Failure to deliver all required documentation may result in delay or withholding of payment.

5. Proof of Purchase: Participant must submit all sales receipts, invoices, manufacturer specification sheets, and other pertinent documents itemizing the equipment purchased. The proof of purchase documentation submitted must show: (i) the date of purchase and itemized price paid, and (ii) size, type, make, and model or part number of equipment purchased. Participant will provide Energy Trust with additional proof of purchase information upon request.

6. Verification: Equipment installations may be selected for an on-site verification review. Should a Participant's facility be chosen for verification, satisfactory completion of that verification must occur before payment will be issued. Energy Trust's verification is for the purpose of incentive payment only. No warranty is implied.

7. No Endorsement: Energy Trust and its representatives do not endorse any particular manufacturer, contractor or product in promoting the Program. The fact that the names of particular manufacturers, contractors, products, or systems may appear on this application does not constitute an endorsement. Manufacturers, contractors, products or systems not mentioned are not implied to be unsuitable or defective in any way.

8. Disclaimer: ENERGY TRUST AND ITS REPRESENTATIVES MAKE NO GUARANTEE OR WARRANTY WHATSOEVER, WHETHER EXPRESS OR IMPLIED, WITH RESPECT TO THE EQUIPMENT. Participant assumes the risk of any loss or damage(s) that Participant may suffer in connection with the equipment. Energy Trust does not guarantee any particular energy savings results by its approval of this application, or by any other of its actions.

9. Energy Information Release: Participant authorizes Energy Trust to access energy usage data for the accounts listed herein and will provide other reasonable assistance to Energy Trust to obtain such information.

10. Equipment Installation: Participant represents that (i) it has the right to install the equipment on the property on which the equipment is installed and that any necessary consents have been obtained, and (ii) that all equipment installed and work performed shall comply with all laws, regulations and safety, building, environmental and permitting codes, and any manufacturer instructions.

11. Tax Liability: Energy Trust is not responsible for any tax liability which may be imposed on Participant due to incentive payments. Energy Trust is not providing tax advice, and any communication by Energy Trust is not intended or written to be used, and cannot be used, for the purpose of avoiding penalties under the Internal Revenue Code.

12. Limitation of Liability: ENERGY TRUST'S LIABILITY IN CONNECTION WITH THIS APPLICATION SHALL BE LIMITED TO THE AMOUNT OF ANY INCENTIVE OWED. NEITHER ENERGY TRUST NOR ITS REPRESENTATIVES SHALL BE LIABLE TO PARTICIPANT OR TO ANY OTHER PARTY FOR DAMAGES OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, GENERAL, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES ARISING FROM OR ASSOCIATED WITH THIS APPLICATION.

13. Information Release: Participant agrees that Energy Trust may include some or all of the following information in reports or other documentation submitted to the Energy Trust Board of Directors, the Oregon Public Utility Commission (OPUC), Oregon Department of Energy (ODOE), Oregon Housing & Community Services, Bonneville Power Administration, the Oregon Legislature or other state agencies as necessary to meet Energy Trust responsibilities: Participant's name, city or county of business, a description of any Energy Trust services or incentives provided, and resulting energy savings or generation. Energy Trust will treat all other information gathered as confidential and report it only in the aggregate.

14. Access and Evaluation: Energy Trust and/or its representatives may request access to the property for verification or evaluation purposes. Participant agrees to provide reasonable access to the property for the purposes described herein.

15. Governing Law: This agreement shall be exclusively governed by and construed in accordance with the laws of the state of Oregon, without regard to any conflicts of laws rules thereof.

16. Signatures: Documents transmitted with faxed, scanned or digital signature shall be deemed to be original signatures. At the request of Energy Trust, Participant shall confirm signature by providing an original document.

AGREEMENT

I hereby certify that all information supplied on this application is true and correct, that I have read the preceding Terms and Conditions and agree to be bound by them, that I have purchased and installed the equipment listed herein, and that I am duly authorized to enter into this Agreement as a representative of Participant.
